New Business

Review of middle / high school investigation protocols

-Mr. Shaw shared with the Board of Education that he and the administrative team of Bates, Russow, Trainor, Pollard and Nadeau had met multiple times to develop a recommendation for how and when the school would get involved with investigations outside of school hours and off school grounds. Through a thorough discussion the school will investigate all matters that are required by the Revised School Code and matters where a police report / citation is given. When issues arise that do not violate the Revised School Code or there is no police involvement the school will contact the parents of the students involved. The administration will create approaches to assist parents in working with them in handling the tough situations that students get into. The common approach is that the school wants and will endeavor to be teammates with parents.
